## KIDS SAFETY SUPPLIES

This program assists TANF-eligible families with young children (aged 0-5 years) to provide needed early childhood supplies to help with the child's nutrition, health, and safety. Often, these families cannot obtain these supplies from other resources, or they need them for emergency purposes. Kids Safety Supplies will provide eligible families with one-time emergency safety supply items from an approved list and our Senior Family Support Advocate will provide the appropriate safety related education. There is a per family maximum. The supports can only be provided if funding is available through Summit County Job and Family Services.
